

ADAM NEARING

GIS Analyst | IT Programmer

adamrjnearing@gmail.com | adamnearing.com | 1 (902) 371-6055 | Halifax, NS

SKILLS

Geospatial: ArcGIS (Pro/Online/Enterprise/FieldMaps), GeoServer, QGIS, FME, Global Mapper

Data & Development: Python (ArcPy/Arcade), SQL (PostgreSQL/PostGIS), Oracle, JavaScript (React), ETL Development, Relational & Spatial Database Design

Engineering & Analysis: AutoCAD, MicroStation, LiDAR Classification, 3D Surface Modelling, Raster Analysis, Statistical Modelling, Remote Sensing, GNSS Data Processing

IT & Visualization: Git/GitHub, Version Control, Data Visualization, EDA (RStudio), UI/UX Design (React/Bootstrap)

WORK EXPERIENCE

PARKBUDDY APP - CAPSTONE PROJECT NSCC

Halifax, NS

Product & Project Manager

Sep – Dec 2024

- Balanced team workloads by aligning sprint tasks with individual strengths, ensuring a synchronized transition from data collection to backend and frontend development.
- Built an interactive map interface that connects the database to the frontend, allowing for real-time rendering of user-submitted spatial data entries.
- Prevented project delays by proactively auditing the Git repository, manually resolving merge conflicts, and troubleshooting deployment blockers.

CHEBUCTO COMMUNITY NET SOCIETY

Halifax, NS

Project Manager & Backend Developer

May – Jun 2024

- Co-led the architecture of a custom backend data management system, prioritizing relational integrity and scalability for community-driven datasets.
- Mentored Frontend developers on web interface design and implementation using JavaScript, HTML5, CSS3, and Bootstrap; ensured seamless integration between UI components and backend system logic.
- Conducted detailed code reviews for the frontend team, enforcing best practices in responsive design, accessibility, and optimized script execution to maintain high performance across browsers.

LITTLE SYMPHONY INC.

Halifax, NS

Web Development Intern (Co-Op)

May – Aug 2023

- Engineered full-stack solutions using React.js and Supabase, focusing on real-time data synchronization.
- Transformed user requirements into high-fidelity UX/UI designs and accessible frontends.
- Presented technical milestones to non-technical stakeholders throughout the development lifecycle.

EDUCATION

CENTRE OF GEOGRAPHIC SCIENCES (COGS) - NSCC

Halifax, NS

Geographic Information Systems (GIS) - Advanced Graduate Certificate

Sep 2025 - May 2026

Relevant Coursework: GNSS Planning & Acquisition, Geodesy (Datums/Projections), Raster Modelling, Geospatial Programming, Georeferencing & Remote Sensing, Advanced Vector Geoprocessing

NOVA SCOTIA COMMUNITY COLLEGE (NSCC)

Halifax, NS

IT Programming - Diploma (Co-Op)

Jan 2023 - Dec 2024

Relevant Coursework: Full-Stack & Application Development, OOP (Java/C#), Agile Methodologies

NOVA SCOTIA COLLEGE OF ART AND DESIGN UNIVERSITY (NSCAD)

Halifax, NS

Major in Film Studies & Art History - Bachelor of Fine Arts (Honours)

Sep 2015 - Apr 2019

OTHER

ESRI CANADA

Oct 2025 - Present

GIS Ambassador Program / ECCE Student Associate

- Leading interactive K-12 classroom demonstrations to promote geospatial thinking and spatial challenges.

GEOMATICS ASSOCIATION OF NOVA SCOTIA

Dec 2025 - Present

Future Strategy Committee Member

- Serving as a board member providing student and early-career perspectives for decision making.
