

ADAM NEARING

adamrjnearing@gmail.com | adamnearing.com | Halifax, NS

SKILLS

Geospatial: ArcGIS (Pro/Online/Enterprise), GeoServer, QGIS, FME, Global Mapper

Engineering/CAD: AutoCAD, MicroStation, TerraScan, Youwind, windPRO

Development: Python (ArcPy), SQL (PostgreSQL/PostGIS), Oracle, JavaScript (React)

Analysis: LiDAR Classification, 3D/Statistical Modelling, ETL Workflow, EDA (RStudio), Data Visualization

EXPERIENCE

PARKBUDDY APP - CAPSTONE PROJECT NSCC

Halifax, NS

Product & Project Manager

Sep – Dec 2024

- Directed the end-to-end delivery of a full-stack mobile application, utilizing Agile methodologies to coordinate sprint cycles and milestone tracking.
- Developed and integrated interactive mapping features, leveraging API connections to render dynamic spatial data for user navigation and enhanced geospatial data visualization.
- Facilitated team onboarding and managed the centralized Git repository, implementing branching strategies to ensure codebase integrity within a collaborative development environment.

CHEBUCTO COMMUNITY NET SOCIETY

Halifax, NS

Project Manager & Backend Developer

May – Jun 2024

- Co-led the architecture of a custom backend data management system, prioritizing relational integrity and scalability for community-driven datasets.
- Mentored Frontend developers on web interface design and implementation using JavaScript, HTML5, CSS3, and Bootstrap; ensured seamless integration between UI components and backend system logic.
- Conducted detailed code reviews for the frontend team, enforcing best practices in responsive design, accessibility, and optimized script execution to maintain high performance across browsers.

LITTLE SYMPHONY INC.

Halifax, NS

Web Development Intern (Co-Op)

May – Aug 2023

- Engineered full-stack solutions using React.js and Supabase, focusing on real-time data synchronization.
- Transformed user requirements into high-fidelity UX/UI designs and accessible frontends.
- Presented technical milestones to non-technical stakeholders throughout the development lifecycle.

EDUCATION

CENTRE OF GEOGRAPHIC SCIENCES (COGS) - NSCC

Halifax, NS

Geographic Information Systems (GIS) - Advanced Graduate Certificate

Sep 2025 - May 2026

Relevant Coursework: Spatial Database Management, LiDAR Point Cloud Analysis, Raster Modelling, Geospatial Programming, Georeferencing & Remote Sensing, Advanced Vector Geoprocessing

NOVA SCOTIA COMMUNITY COLLEGE (NSCC)

Halifax, NS

IT Programming - Diploma (Co-Op)

Jan 2023 - Dec 2024

Relevant Coursework: Database Design, Full-Stack & Application Development, Object-Oriented Programming (Java/C#), Version Control (Git/GitHub)

NOVA SCOTIA COLLEGE OF ART AND DESIGN UNIVERSITY (NSCAD)

Halifax, NS

Major in Film Studies & Art History - Bachelor of Fine Arts (Honours)

Sep 2015 - Apr 2019

OTHER

ESRI CANADA

Dec 2025 - Present

GIS Ambassador Program

- Leading interactive K-12 classroom demonstrations to promote geospatial thinking and engage students with real-world spatial challenges.

GEOMATICS ASSOCIATION OF NOVA SCOTIA

Dec 2025 - Present

Future Strategy Committee Member

- Serving as a board member providing student and early-career perspectives to inform strategic decision-making and governance.
